

FAREWELL AT

BOWELL FOR M. ROBERTSON

Pleasant Evening Spent And Guest Presented With a Gold Wrist Watch—Redcliff Talent Assisted

A most successful and enjoyable evening was held in the Bowell school house last Monday evening when the residents of that district assembled to bid farewell and wish God speed to M. Robertson, a popular young farmer of that district, who has volunteered his services for king and country.

The school was taxed to its utmost to accommodate the large crowd which gathered, and when A. Penland, the chairman of the evening, called the meeting to order there was nothing but standing room left. After explaining the object of the gathering the chairman proceeded with the musical program which was enthusiastically started off by all joining heartily in singing "The Maple Leaf Forever." Following this was a variety of patriotic and comic songs and choruses given by local talent assisted by friends from Redcliff. Throughout this part of the evening's entertainment O'Fallon's orchestra rendered a number of selections which were much enjoyed and had an enlivening effect upon the audience.

During the part of the program when the guest of the evening, Mr. Robertson, was called to the platform, where Mayor Bott, on behalf of the people of Bowell and surrounding country, made a neat speech in which he complimented Mr. Robertson on his bravery and loyalty, assuring him that in making this presentation it was not done for its commercial value but rather to show the confidence the people among whom he associated had in him and the assurance they felt that when the crisis presented itself he would do his duty in a manner which would be a credit to himself and the Empire.

Mr. Irvine then presented the hero of the evening a gold wrist watch and a purse of gold. In acknowledging the receipt of the gifts, Mr. Robertson thanked the people of Bowell for the many kindnesses shown him during his stay among them and especially for their remembrance on this occasion. He assured them that their present would be the source of great encouragement to him on the battlefield and would carry with it pleasant recollections of the many happy days spent among them. He then expressed the hope and confidence that the people who were left behind would do their duty in looking after the wives and children of the men who are now or will soon be in the trenches.

Patrols were given by Mayor Bott and E. L. Stone, after which lunch was served by the ladies of the district.

The evening's entertainment was brought to close with a dance which was thoroughly enjoyed by young and old alike. The music for the part of the program was furnished by O'Fallon's orchestra in their usual excellent style.

Dr. Stoner and Family Return

Dr. and Mrs. R. R. Stoner and their two sons, Robert and Donald, returned to Redcliff last Monday morning from Los Angeles, where the family have resided for the past two years. They have taken up their residence on Third street but may move into the Stiepler house on Fifth street later.

Mrs. Stoner said she could not think of a number of new buildings that had been erected since they had been away, which gave Redcliff more the appearance of a city than in former years.

Robert and Donald are now well advanced in school and as soon as the family gets settled the boys will take up their studies here.

Dr. Stoner says he is glad to get back to Redcliff and that he hopes to give some good news for the people of Redcliff before many months roll by. The doctor's one great ambition is to see Redcliff the most important city in the west and never tires in advertising the advantages of Redcliff from an industrial and residential standpoint.

Car Shortage Retards

Marketing of Grain

At the present time the elevator and some of the manufacturing plants in town are experiencing some difficulty getting cars to carry out the grain and other products. As a result very little grain has been marketed during the past week. The elevator is full to the roof, thus making it very inconvenient for farmers. However, Mr. Broadfoot is doing his best to accommodate them and has found it necessary to store grain in different places around town. An odd car is being secured but it is only a matter of a few hours till the elevator is filled up again.

Baptist Young Folk

Have Surprise Party

The young people of the Baptist congregation met at the home of Mr. and Mrs. Colwell and gave them quite a surprise party. The occasion which brought the young people together in this way was to entertain their pastor, Mr. Armstrong, who leaves shortly for a new field of labor.

A most enjoyable evening of music and games of various kinds was spent, during which Mr. Armstrong was presented with a purse of gold on behalf of the young people of the congregation.

Hospital Ship Sunk

In Mid-Channel

The hospital ship Anglia, with about 300 men aboard, in addition to her crew and nurses and attendants, bound from France for Dover, struck a mine in mid-channel last Wednesday and sunk in a very short time. Nearly 1000 men, most of them seriously wounded, and in thick coats, lost their lives. It is believed the mine broke from its moorings in the recent storm.

The collier Loutania, which was nearby at the time of the accident, immediately went to the assistance of the Anglia and her boats had just been lowered when she also struck a mine and foundered. All her crew were saved.

Patrols were given in rescuing 300 of the Anglia's passengers and crew, including some nurses. A number of bodies were recovered.

CHURCH NOTICES

THE PRESBYTERIAN CHURCH. Divine worship at 11 a. m. and at 7.30 p. m. This is a union church under the co-operative plan adopted by the churches of Scotland, England, and Presbyterian churches. The forenoon address will be on "Love, all Love." The sacrament of the Lord's Supper will be administered after the sermon. In the evening the pastor will speak on "The Elements of Success."

Services at Bowell, also with communion, at 8 o'clock.

Sabbath school at a quarter past two.

Mid-week service on Wednesday at 8 p. m.

The Ladies' Aid hold a sale and tea and supper on Thursday afternoon and evening in the Hicks Ice Cream parlors.

CHURCH OF ENGLAND Sunday next (21st): Holy communion at 9 a. m.; matins at 11 p. m. Sunday school at 2.30.

Dyessong, 7.30 p. m. Division of the Holy Communion at 1.30 p. m. Wednesday, W. A. 2.30 p. m. Friday, evening and intercession for the war, 7.30; their practice at 8. Service at Broadview at 8 p. m.

BAPTIST CHURCH. Sunday, November 21st: Morning service at 11.

Evening service at 7.30; subject, "The Social Laws of God."

Women's meeting Thursday at 2 p. m. at Mrs. Colwell's.

Rev. Dan Campbell, the new pastor, will commence his ministry Sunday November 28th.

THE UNION BIBLE CLASS. The class is undenominational, and meets in the Presbyterian church at 2.30 on Sunday afternoon. Its next study is "Amos, the Fearless Prophet." Amos 5:1-1. This is a home study class and contains much wisdom.

Premier A. L. Sifton
Who will address a patriotic meeting in the Hat Nov. 24th

British and Italians To Join Serbians

With the increasing gravity, from the allies' viewpoint, of the military situation in Serbia, the attitude of Greece toward the armies of the entente powers has become a matter of the deepest concern, and an effort is being made to induce the Greek government to definitely state its intentions.

It is said that the presence at Salonika of a large number of French and Italian warships with transports has made some impression on King Constantine and his advisers. But with so much at stake, nothing short of a positive guarantee of the safety of the French, British and Serbian should they be compelled by circumstances to retire into Greece, will satisfy London and Paris, the ministers of which parties are being strongly represented by the Russian and Italian Representatives.

Thus far, the Serbians are holding the Babusa pass and the French their position, but the pressure is necessarily being felt by troops who have been fighting for weeks without cessation.

British and Italian troops are endeavoring to reach the battlefield where the Serbians are waiting them, but does not say at what point they are coming. The near east will be shocked with considerable anxiety for the next few days.

800 Wounded Canadians Return

When the C. P. R. liner, Metagama arrived Sunday she was said as passengers the largest number of wounded or otherwise disabled Canadians who have returned at one time since the outbreak of the war. Nearly 800 soldiers of regulars recruited from Halifax to Vancouver will occupy cars in the west immigration sheds for a day or two.

Parliament to Meet on January 13th

Although no date has been definitely fixed it is thought that the Dominion parliament is likely to meet for the consideration of business on January 13th. It is believed that all business will be disposed of before the Easter holidays. The war will be responsible for the absence of a number of the members. Seven are now on active service and as many more will be in uniform probably before the house convenes.

Red Cross Canvassers Are Very Successful

A largely attended and very enthusiastic meeting of the Red Cross society was held in their rooms last Tuesday afternoon. Reports from the committees appointed to look after the collection funds were most satisfactory showing that the monthly collection amounted to \$50.00.

The members of the society are still busily engaged making comfort, of different kinds for the soldiers and it is their intention to continue this work as long as necessary.

Trustees Set Date For Annual Meeting

The regular meeting of the school board was held in the school last Monday evening. Those present were Messrs. Haynes, Barber and Riddell. In the absence of Chairman Bryant, Trustee Hayes occupied the chair. The minutes of the last regular meeting were read and adopted, after which the secretary drew the attention of the board to the annual ratepayers meeting. On motion of Trustee Barber and Riddell it was decided to hold it at the same time and place as the council's annual meeting. This will be on Monday, November 29th, in the Empress theatre, commencing at 8 o'clock in the evening.

Principal Liggett asked the board for an appropriation to secure material for making a rink on the school grounds. On motion of Trustees Riddell and Barber the secretary-treasurer was authorized to draw \$25.00 from the library fund for this purpose.

After a few small accounts presented and ordered paid the board adjourned.

J. Reiser Wins Red Cross Cushion

The drawing for the cushion presented to the Red Cross society by Mrs. Lakay, took place in the society's supper hall, last Monday evening. This cushion was put up for a draw and tickets were sold at 10 cents each. J. Reiser won the lucky number and was the prize. The ladies who looked after the sale of tickets realized \$29.30.

Will Not Tolerate Any Further Delay

It is reported in dispatches from Rome that immediate action will be taken regarding Greece, and no delay will be tolerated. It is said Italy will take an important part in the forthcoming developments. The action will King Constantine and his ministers assume toward the entente powers.

The attitude of the entente allies toward Greece will, it is expected, be made clear before the end of the present week.

The council at Paris, in which British and French cabinet ministers took part, came to important decisions, and Earl Kitchener, looking over the ground both to Gallipoli and the Balkans, is to report on the best means of dealing with the situation arising out of the Austro-German and Bulgarian successes in Serbia and Greece, and the attitude toward the central powers.

Germans Discover Strength of Serbians

The Germans have discovered that the Serbian army has withdrawn into its old mountain fastnesses, where colossal supplies of cannon and munitions await them.

A decisive battle must be fought or the Serbians will remain a dangerous menace to the Constantinople route when it opens.

Those who are sending Christmas letters to the soldiers are reminded to put off the mailing too long. Letters or parcels which are in Winnipeg by December 8th will in all probability be delivered in time for Christmas, but postmasters advise sending Christmas cards as soon as possible so that possible unforeseen happenings may not delay it till too late for the holidays.

ROGERS SAYS WILL REDUCE ALL RAIL RATE

To Take Effect at Close of Navigation—Will Mean a Reduction of 5c per 100 On Grain

(Calgary News-Telegram.) During his visit to Calgary on Saturday, the Hon. Robert Rogers made an announcement which will be received with gratification by every farmer in Western Canada. For several weeks the impression has been prevailing that there would be considerable of a reduction in the all-rail rate between Winnipeg and the seaboard; and at Calgary on Saturday Mr. Rogers set all doubts at rest by declaring that at the close of navigation the Dominion government would put into effect on the National Transcontinental railway a rate which would be practically the same as the charge by water. If we remember correctly, the rail rate is now 15c, while the carrying charge via the lake is 12c. The announcement of the minister, therefore, means that the government is going to clip 3c a hundred of the freight charge, which will also mean that the western farmers will benefit just that much on every bushel of grain.

That reduction will also reduce any advantage which the American market has over the Canadian market, and should be the means of keeping Canadian wheat in channels all the way to the sea board.

Presbyterian Ladies To Hold Sale of Work

The Presbyterian Ladies' Aid will hold a sale of useful and fancy articles and home-made cookies and candy on Thursday afternoon beginning at 3 o'clock, in the Hicks Ice Cream parlors on Third street near the Redcliff hotel. Tea will be served during the afternoon, and supper from 6 to 8 o'clock.

To Have Garden Plot In School Grounds

A small plot on the school grounds has been planned and set up to good purpose for next spring. It is the intention to take up the teaching of agriculture in a more practical manner. This plot is to be divided up into small sections and the sections to be given to the children, each of whom is to be responsible for the cultivation of the portion allotted to him. Grains and vegetables of various kinds are to be sown and we understand prices are to be awarded at the end of the season for the best kept plot.

This is a good move and one that should interest the boys especially.

Ladies' Waiting Room For Broadway Store

Acting on the suggestion made in the Review some time ago, the Broadway Department store is furnishing and conveniently fitting up a ladies waiting room in connection with the store. This room will be located at the rear end of the hardware department. The room will be supplied with light, heat and water and will be comfortably furnished with chairs, tables etc. With the approach of cold weather this room will no doubt be well patronized by the women and children from the country when in town doing their shopping.

Will Requisition British Tonnage

Notice of an important step towards the enacting of sufficient ocean tonnage for the carriage of foodstuffs and other articles, which has been taken by the imperial authorities was received in Ottawa Wednesday.

It takes the form of a proclamation, in which the imperial authorities take to themselves power to requisition British tonnage. Its new powers, however, will enable the requisitioning of tonnage for use for the purpose as the transportation of the Canadian grain.

General News Notes From Various Points

Cobb-Hoessler, a Swiss military statistician, calculates the total losses killed in the present war at five million.

That the Dutch government has no present intention of mediating for peace is the announcement made in a government.

Russian general headquarters reports the capture during the past month of a few less than 50,000 men, 21 heavy guns, 118 machine guns and machineguns.

Densy Cochin, minister without portfolio in the French cabinet, has arrived at Athens and was heartily welcomed. It is stated that he will meet Earl Kitchener, the British minister, at Salonika.

Police Magistrate Davidson, of Calgary held George E. Buck, president of the Black Diamond Oil Company, for the higher court on the three charges of conspiracy respecting the alleged "salting" of the well last year.

Already \$10,000 has been collected in Winnipeg among the friends of the Social Service Council toward defraying the experience of the campaign for the adoption of the MacDonald liquor act.

A fairly large party of wounded men from the second Canadian division reached hospitals at Cliveden last week, and along with the certain number of sick cases. "All the boys are just fine," said a man from Freshford, Ont., to the correspondent.

In his speech before the House of Commons Mr. Churchill declared that, if any operations in the history of the world were worth carrying through with sustained fury and utter disregard for life, the operations at the Dardanelles were worth it.

A dispatch to the Times from Salonika, dated Saturday, says: "Although communications with the north are interrupted, Monastir is not under siege. However, the military authorities have taken the necessary measures for all eventualities."

The Prager Tagelblatt, a German paper, seriously suggests to force the entire ally to sue peace by deliberately starving the population of Belgium, France, Poland, Russia and Serbia, now under the Teuton domination.

The American government will avail the receipt of the Austrian government's statement of facts concerning the sinking of the Italian liner Ancona before considering whether the rights of Americans have been violated. These facts probably will be sought through Ambassador Penfield at Vienna.

To allay a wild rumor that the Adriatic had been sunk by a German submarine the International Mercantile Marine Company issued the following statement: "The White Star liner Adriatic arrived at Liverpool last Friday afternoon at 4 o'clock. She will not sail for New York until November 24th."

The Bulgarian attack on the French lines in the Cerna river sector, west of Perlepe, was resumed at 1 o'clock Saturday afternoon. The fighting continues. The Bulgarians are attempting to break through between the Serbian and French forces to attack Perlepe. The Serbians are in a precarious position, though they are still holding Balouva Pass.

Robert Fay, who with four others is held on a charge of attempting to blow up munition ships, had a long talk in the Tombs Tuesday with William J. Flynn, chief of the United States secret service, and C. Knox, special assistant United States attorney, and as a result, it was said, he has offered to turn state's evidence.

The Providence Journal says: "A vast sum of money amounting to between \$25,000,000 and \$40,000,000 has been spent in this country in the last four months for propaganda work against the allies, under the immediate supervision of Count von Bernstorff, the German ambassador, and Dr. Heinrich Albert, privy chancellor, who describes himself to a Journal representative 'as the fiscal agent of his government.'"

Last week-end marked one definite point in the progress of the war—one wholly encouraging to England. Autumn storms which now have begun involve the probable end of Zepplin campaigns against England until spring. Weather conditions from now on make any such venture highly dangerous, although not altogether impossible.

Submarines Sent From Kiel In Pieces

Rome newspapers say that the Austrian submarines which are now active in the Mediterranean were shipped in pieces from Kiel, Germany, to Trieste, accompanied by German mechanics and naval officials. From Trieste they were taken to the Austrian naval arsenal at Pola, where they were assembled. They then made their way through the channels of the Dalmatian archipelago, and reached Cattaro, from which point, along the allied warships, they passed through the Otranto channel and gained the Mediterranean. It is also reported that supply stations for these submarines, which fly the Austrian flag, have been established along the Greek coast. A protest was made several weeks ago by the Italian consul at Patras, on the ground that the neutrality of Greece was being violated.

Serbia on Same Footing As Others

The Greek government is reported to have modified its position somewhat in regard to the extensive allies. The correspondent at Athens of the Exchange Telegraph Company says it has decided that in the event of a retreat of the allies to Greek soil Serbian troops will be placed on the same footing as the British and French. Premier Skoufionis originally proposed to permit the French and British to reach the sea without interference from the Greeks, but to disarm Serbians who crossed the border. The change is due, the correspondent says, to formidable objections raised by the French minister at Athens. However, it still remains for Greece to define her position clearly. Designation of a neutral zone has been suggested.

Says Joffre Is Given Supreme Control

The New York Herald published an account upon information which had reached the Russian consulate in New York, which is virtually a declaration that Gen. Joffre, the French commander-in-chief, has been given supreme control over all the British, Russian and French forces operating in the several theatres of war.

Enemy Sink Another Big Italian Steamer

The Italian steamer Bonita has been sunk by a submarine flying the Austrian flag. The passengers and the crew boarded four lifeboats. Three of these craft have been landed but the fate of the occupants of the fourth boat is not known. The Bonita was of 2,661 tons gross and was built in 1888. She was 307 feet long, 39 feet beam and 26 feet deep.

Churchill Gives

Reason for Resigning

Winston Spencer Churchill, who resigned last week as chancellor of the Duchy of Lancaster, said in the house of commons that the project for sending an army to the relief of Antwerp originated with Field Marshal Kitchener and the French government. Mr. Churchill made this statement in outlining the reasons for his resignation from the cabinet and explaining his administration of the admiralty of which he formally was first lord.

Take Moving Pictures of Sinking Ship

Captain Raffall, of the steamer France which was sunk by a submarine in the Mediterranean on November 7, is authority for the statement that while the crew was getting into the small boats the submarine approached in within 100 feet of the France, and when all the sailors were safely off the ship, grouped the boats together, with the steamer in the background after which moving pictures were taken of the scene.

UNSAFE LANTERNS

A season of shortened daylight brings its own peculiar fire dangers. One of these is the use of the lantern about farm buildings. Of recent years, owing to competition, a low-priced kerosene lantern, which is a serious fire menace, has been placed on the market. Instead of being securely screwed on the oil reservoir, the burner is simply slipped on, with the result that, if the lantern is upset, the burner comes off and the oil is allowed to run out upon the lighted wick. The result is either an explosion or a serious blaze, and unless specially checked, damage to life and property.

THE BRITISH PREFERENCE

Did the Budget Weaken It?—Increased Revenue Necessary—Some Figures.

From traders and those who want to lower our tariff oppose the recent increase of five per cent. in the duty levied on British goods entering Canada on the ground that such action is "particularly objectionable in the fact that, instead of favoring, it is placing extra barriers against Great Britain's trade with Canada."

The fact is carefully ignored that measures which increase the general tariff by 7½ per cent. and the British Preference by only five per cent. gives the British manufacturer an advantage of 2½ per cent. greater than that which they enjoyed before the measure was put into effect.

For example, take the case of an article formerly dutiable under the general tariff at thirty per cent.—The advantage of the British manufacturer was as follows:

Foreign article paid.....30%
British article paid.....25%

Advantage of British over foreign article.....5%

The new regulations alter the situation as follows:—

Foreign article now pays.....37½%
British article now pays.....32½%

Advantage of British over foreign article now.....15%

Our three tariffs—British Preference, Intermediate and General Tariff—are relative, and if the relation is maintained when a general increase is made, it is obvious that those enjoying the lowest tariff receive an advantage over those subjected by the higher tariff.

Concern for the manufacturers of the United Kingdom is not the chief motive actuating those who oppose the tariff measure. They see an opportunity to strike another blow against the policy of Protection, which they hope will be a popular blow, because the economic aspect of the case is overlooked in the military fever of the moment.

Foreign countries do not support Canadian factories. Why support them? Buy "Made-in-Canada" goods and help Canadians.

ITEMS OF LOCAL INTEREST

The Presbyterians in Medicine Hat voted strongly against church union, yet get tobacco at Bunde's. Our stock is fresh.

Farmers' keen yourself warm. We have the goods to do it with. Keats, Third street.

Hon. Dr. Montague, minister of public works in the late Roblin government in Manitoba, died suddenly last Tuesday.

Preparations are being made for the anniversary service and social in connection with St. Ambrose church on December 2nd and 5th.

Freddy Welsh, the world's light-weight champion, beat Johnny O'Leary, of Seattle, in a twelve round bout last Monday.

Threshing in the immediate vicinity of the town is now almost completed and outfits are moving away to other districts north and west of here.

Ray Auger and family have moved in from their farm west of here and will reside in town for the winter. They will live on Second street.

In a letter from Col. Blanes, who is in command of the 3rd C. M. R., now in France, he states that all the boys from this district are enjoying the best of health and feeling fine.

Hon. W. P. White, minister of finance, announced that the prospectus and advertisement of the Dominion domestic war loan will appear on Monday, November 22.

According to the Medicine Hat News that paper is in good authority that Hon. Robert Rogers will be the conservative candidate in the constituency in the next Dominion election.

During the cold weather last Sunday the water pipes in the Oranienburg work froze up and burst. Considerable water leaked out in the laundry department but little or no damage was done except to the pipes.

Threshing is now completed on the big crop put in by Messrs. Brown & Pratt of Medicine Hat, on the Southern Alberta Land Company's property west of here. The crop is estimated 100,000 bushels of wheat and about sixteen thousand bushels of oats.

Mrs. H. O. Wheeler and son, David, formerly of Redcliff but now of Havre, Montana, arrived in town last Sunday morning and registered at the Redcliff Hotel. They returned to Havre last Wednesday night.

The town clerk is busy these days preparing the list of voters which are to be offered for sale for arrears of taxes in the near future. Those having any such loans should see that the taxes are paid as soon as possible and thus save additional expense.

Premier Sifton and W. A. Buchanan, M. P., will be the speakers at a big patriotic meeting in the Hat to start the ball rolling for the patriotic fund campaign. The meeting will be held in the Empress theatre on Wednesday, November 24th.

Thousands of names are being signed to the petition now in circulation in this province for the commutation of the sentence of hanging of Mrs. Hawes which is to take place soon unless it can be prevented. It is sincerely hoped it will be prevented.

Premier Asquith is still hopeful that the voluntary system of recruiting in the United Kingdom will succeed. The premier stated in the house of commons last Tuesday afternoon that it was his hope and belief that coercive measures would not have to be resorted to.

A full meeting of the Red Cross Society is requested for the regular meeting next Tuesday afternoon as important matters will be up for discussion. At this meeting it will be decided whether or not this circle will remain affiliated with the Medicine Hat branch or become a self sustaining branch.

What some people at first thought was the first train over the C. N. R. grade passed through town last Tuesday. On close inspection, however, it was found to be a threshing outfit moving from the Bowell district down to the Josephburg district. At the head of the train was a big engine and attached to it was the separator and a string of about a dozen wagons filled up with the necessities for the outfit. On the whole it very much resembled a fair sized freight train.

Farmers, get our prices for your supplies. Keats, Third street.

GIRL WANTED—For stripping. Apply at the Redcliff Cigar factory.

Thos. Fountain returned from the harvest fields this week.

Thomas Taylor, who has been away all summer, returned to town for the winter.

It is reported that a school for the instruction of officers will be established at Medicine Hat.

Latest fiction, writing pads, envelopes, boxes of stationery, magazines, school supplies. Big stock at Bunde's, Broadway.

FOUND—The lost in town, a good glove, owner may get same by applying to Miss Annie White, First street.

There appears to be a dearth of men to fill the vacancies on a number of the town and city council this year.

We have a big selection of candies. See our line of gift boxes of chocolates. Bunde's, Broadway.

The Presbyterian church is now being painted. When completed it will make a big improvement in the appearance of the building.

It is no laughing cold feet or hands when you can get the goods to prevent it. We have them at the right prices. Keats, Third street.

Remember the anniversary social and dance in the Presbyterian church, November 17th, under the auspices of the St. Ambrose W. A. C.

A brown checked cap was taken from the Bowell school by mistake after the concert there last Wednesday. The owner may get same at this office.

Who said winter has come to stay? The fine bright weather of the last few days reminds us of the good old summer time in sunny Southern Alberta.

If you want anything in the reading line, call on Bunde's.

J. Chadwick, who has been in Saskatchewan for the past six or seven weeks, returned here last Saturday.

Premier Sifton and W. A. Buchanan, M. P., will be the speakers at a big patriotic meeting in the Hat next Wednesday.

M. Benzenberger raised a fine crop of tobacco in his garden in town this summer. Anything will grow in this country.

Hon. Robert Rogers, minister of public works in the Dominion government, addressed the Canadian club at a banquet in Medicine Hat yesterday.

While in Medicine Hat this week Hon. Robert Rogers told the members of the bar association of that city that he would do all he could to have a resident judge appointed for the Medicine Hat judicial district.

Messrs. E. Dawson and F. Kilbrieth, of Wilknot, Ont., who have been in the west for the past few weeks, are in town this week, the guests of Mr. Dawson's son, R. Murphy.

Although the time for the annual municipal elections is drawing near very little talk is heard of any new possible candidates. Most of the voters seem to be of the opinion that the retiring councillors should be elected by acclamation.

Keep in mind the sale of work and ten given by the Ladies' Aid of the Presbyterian church. It will be held in the Hicks building near the Redcliff Hotel. Tea will be served from 6 o'clock. Come and have your evening meal here.

A number of Masons from here attended the inter-provincial gathering held in Medicine Hat last night. At this meeting were the grand lodge officers from Saskatchewan and Alberta and it was one of the most successful affairs of its kind ever held in this province.

Harold Hargreaves, who has booked passage for England on the Tuscan, leaves next Wednesday for Montreal where he will go aboard. His destination is Huddersfield where he will be employed in a large cloth manufacturing establishment owned by his uncle. This factory is very busy at present, turning out khaki for the British government. Mrs. Palmer is also sailing on the same boat.

Police Magistrate Davidson, of Calgary, held George E. Budd, president of the Black Diamond Oil Company, for the higher court on the three charges of conspiracy to conspire and alleged "salting" of the well last year.

Tell your friends one way to help Canada is to buy goods "Made-in-Canada"

NOTICE

Customers of this bank who wish to withdraw their balances, receive documents and papers left for safe-keeping, or pay notes, are requested to call at the bank and attend to same before the 30th of November. After that date everything will be transferred to the Medicine Hat branch. THE MERCHANTS' BANK OF CANADA Redcliff, Alberta.

F. R. PIKE, Manager.

Redcliff Agency For PHONOGRAPHS and GRAMOPHONES

Now is the time to arrange for the long winter evenings. Get an Edison or Victor; \$20.00 up. Come in and have a musical talk and a musical treat.

C. T. HALL, The Druggist.

WINTER VEGETABLES

I have a good supply of POTATOES, CARROTS, PARSNIPS, BEETS, TURNIPS and other roots which I am selling off now at reasonable prices. If you need anything in this line leave your order at the Review office and it will be promptly attended to.

A. E. SMITH

A number of Masons from here attended the inter-provincial gathering held in Medicine Hat last night. At this meeting were the grand lodge officers from Saskatchewan and Alberta and it was one of the most successful affairs of its kind ever held in this province.

Harold Hargreaves, who has booked passage for England on the Tuscan, leaves next Wednesday for Montreal where he will go aboard. His destination is Huddersfield where he will be employed in a large cloth manufacturing establishment owned by his uncle. This factory is very busy at present, turning out khaki for the British government. Mrs. Palmer is also sailing on the same boat.

Police Magistrate Davidson, of Calgary, held George E. Budd, president of the Black Diamond Oil Company, for the higher court on the three charges of conspiracy to conspire and alleged "salting" of the well last year.

MANY NEW CANADIAN INDUSTRIES LAUNCHED

Industrial Leaders Trying Their Hand in Many New Fields as a Result of War—Not Confined to Munitions

The variety of the munitions of war which are being produced in the factories of Canada form a striking tribute to the enterprise and energy of our manufacturers. Scores of companies are engaged in making shells, in many cases after remodeling, repairing or building plants. For this work much new machinery was needed of a type which had not been previously manufactured in this country, and which is now being successfully made in great quantities. A number of firms are making cartridge cases, others are making shell, machining saws, shell finishing equipment, shell baking variators. At least eight firms are busy making ordnance, T.N.T. and other explosives. Several firms are making bayonets, others are turning out bolts, screws, saddles and trees, saddlery and harness for cavalry. All kinds of military packing boxes and ammunition boxes are being produced. Great orders are being secured for these things, traveling kitchens and cooking utensils. Many firms are making small arms ammunition and doing some of the work on sub machine guns, bags, knitted goods, sheep-skins of coats and wagons. The chemical companies are very busy supplying acids used for the medical corps and ammunition makers.

But it is not only in producing war material that Canadian manufacturers have made progress since the outbreak of the war. Foreign trade was almost at a standstill and many articles which were previously imported could not be had; and, consequently, our manufacturers turned their attention to the possibility of substituting Canadian-made articles for those which had been brought abroad.

A third field in which Canadian manufacturers have made progress is in increasing the production of goods for regular industry. Canadian manufacturers are doing their best to regain the ground lost during the depression which followed the boom of 1910-12 by adopting their industries to equipment to meet changed conditions. Our national manufacturing plant was over-specialized on construction work. When railroad, town and other building operations came to a standstill, many of these plants suffered, but it is gratifying to notice that the whole system is being re-placed to obtain new business in places that which has been lost.

There is every reason for the belief that Canada's industrial development will not meet with any serious reverses when peace is declared, but having established itself on a solid foundation during the period of stress through which we are passing, will be in a position to develop, conservatively perhaps, but none the less substantially, during the years immediately following the war. It is presupposed that no serious alteration of Canada's social policy, providing as it does reasonable encouragement for Canadian manufacturing enterprise, will be made. After the war United States will probably be the leading commercial, industrial and financial nation of the world, and to expose Canadian industries to the attacks of the highly specialized industries of our great neighbor under terms less advantageous to Canada than those we enjoy today is hardly to be expected.

LINCOLN AND LLOYD GEORGE Years ago protectionist newspapers began to print what was said to have been a phrase of Lincoln's, "If an American buys 990 worth of English steel, America has the steel and England the \$90, but if he buys of an American, America has the steel and the \$90, too." The quotation passed as a quotation, and it has been used as a reference to Protection in the edition of Lincoln's writings prepared by his son. But Free Trade writers last year began a campaign, and the quotation quoted cannot be found in Lincoln's papers. It appears that the phrase was uttered in a speech as a retort to Lincoln's own words and not as a liberal quotation any more than the quotation in Daniel Webster's famous speech is to be taken as the liberal text of John Adams.

Yet here is a quotation which may sound Protectionist for the loss of the Lincoln phrase. Nearly seventy years after Fox's experiment with Free Trade, Daniel Lloyd-George said: "If prices of our manufactures are too high in some cases, that can be rectified, but at the worst it is not so grave as it is to send our orders to neutral countries when by so doing we send money out of our own country and keep some of the benefits of the war in the hands of the British people who have made the war possible."

The Government has, however, protected the interest of the Canadian miller by buying large quantities of wheat in the United States, some of which might have been used in the one mill in the United States, comprising Canadian flour, given to Great Britain. The Government has, however, protected the interest of the Canadian miller by buying large quantities of wheat in the United States, some of which might have been used in the one mill in the United States, comprising Canadian flour, given to Great Britain.

WORKMEN CAN HELP TROOPS AT FRONT

Urged to Take Personal Interest in the Manufacture of Equipment For Soldiers

One of Canada's best known public men addressed the employers of a large boot and shoe factory in Montreal at their annual gathering last week as follows:

"This country has, shared a contract from the Government for 420,000 pairs of boots, to be used by the soldiers going to the front. I am informed by the managing director that a very low bid was put in for these goods, primarily for the purpose of keeping you men and women employed during these trying times."

Now, I want to say a word to you about the boot contract. These boots are to be worn by the Canadian soldiers who go to war. A soldier's usefulness depends directly upon his ability to march. He cannot travel unless his feet are sound, and his feet can only be kept in good condition if his boots are right. The management will purchase the best material possible to fill this contract. Your superintendents will use the utmost vigilance, but unless everyone of you makes it a personal matter, some of these boots may not be quite so good as they should be. A small nail in the sole, which may lame a man who wears the boot. The men who cut the soles might put in some bad shanks. If you are not careful, these boots may not be as good as they should be. When you are putting in the contracts, remember that a bad counter means a down-trodden heel and a blistered foot. When you are putting in the heels, remember that to drive the nails one-sixteenth of an inch short might mean that the heel would come off and the wearer be handicapped in marching. You women of the stitching room remember that the stitches are not put in properly or any bunching occurs, it is chafed in a blister where the foot is placed. Now, I want everyone of you to remember that these boots are to be worn by our Canadian boys, and that a bad boot may mean a lame soldier, and a lame soldier may mean the loss of some of our bravest men. People are giving large sums of money to help those who go to the war. You can help by seeing that the boots are properly made. Remember the men, the lives of our brave men, I leave to your hands with perfect confidence."

WAR AND WHEAT

Winning Quotations Much Higher Than Those of Minneapolis

The immediate effect of the declaration of war on the wheat market was, as is well known, a stiffening in prices. Roughly speaking the Winnipeg prices for wheat had advanced about 10c per bushel since the outbreak of the war, while recent quotations are in the neighborhood of \$1.05 and have been higher. There have been some fluctuations due to uncertainty regarding the conditions of shipment and insurance across the Atlantic, but generally speaking there is little doubt that the war will mean much higher prices to the Western farmer than would have been the case if peace had prevailed. In so far as the increased price will compensate for a partial loss of the war, the West will gain from the war.

One of the most interesting facts in the great difference in favor of the Winnipeg market in the price of wheat. On August 15th the Winnipeg price was 10c per bushel higher than the Minneapolis price for the same kind of wheat. In fact the difference was so great that Canadian millers were forced to buy American wheat which could be laid down cheaper at Canadian mills after the freight and duty had been paid than the Canadian millers. Under these conditions, however, everyone hopes will not prevail long. It would seem that the Canadian wheat grower would suffer by a removal of the duty. The big American wheat crop has tended to reduce the price of wheat in this continent, and apparently there is a possibility that the Canadian millers buying large quantities of wheat in the United States, some of which might have been used in the one mill in the United States, comprising Canadian flour, given to Great Britain.

The Government has, however, protected the interest of the Canadian miller by buying large quantities of wheat in the United States, some of which might have been used in the one mill in the United States, comprising Canadian flour, given to Great Britain.
